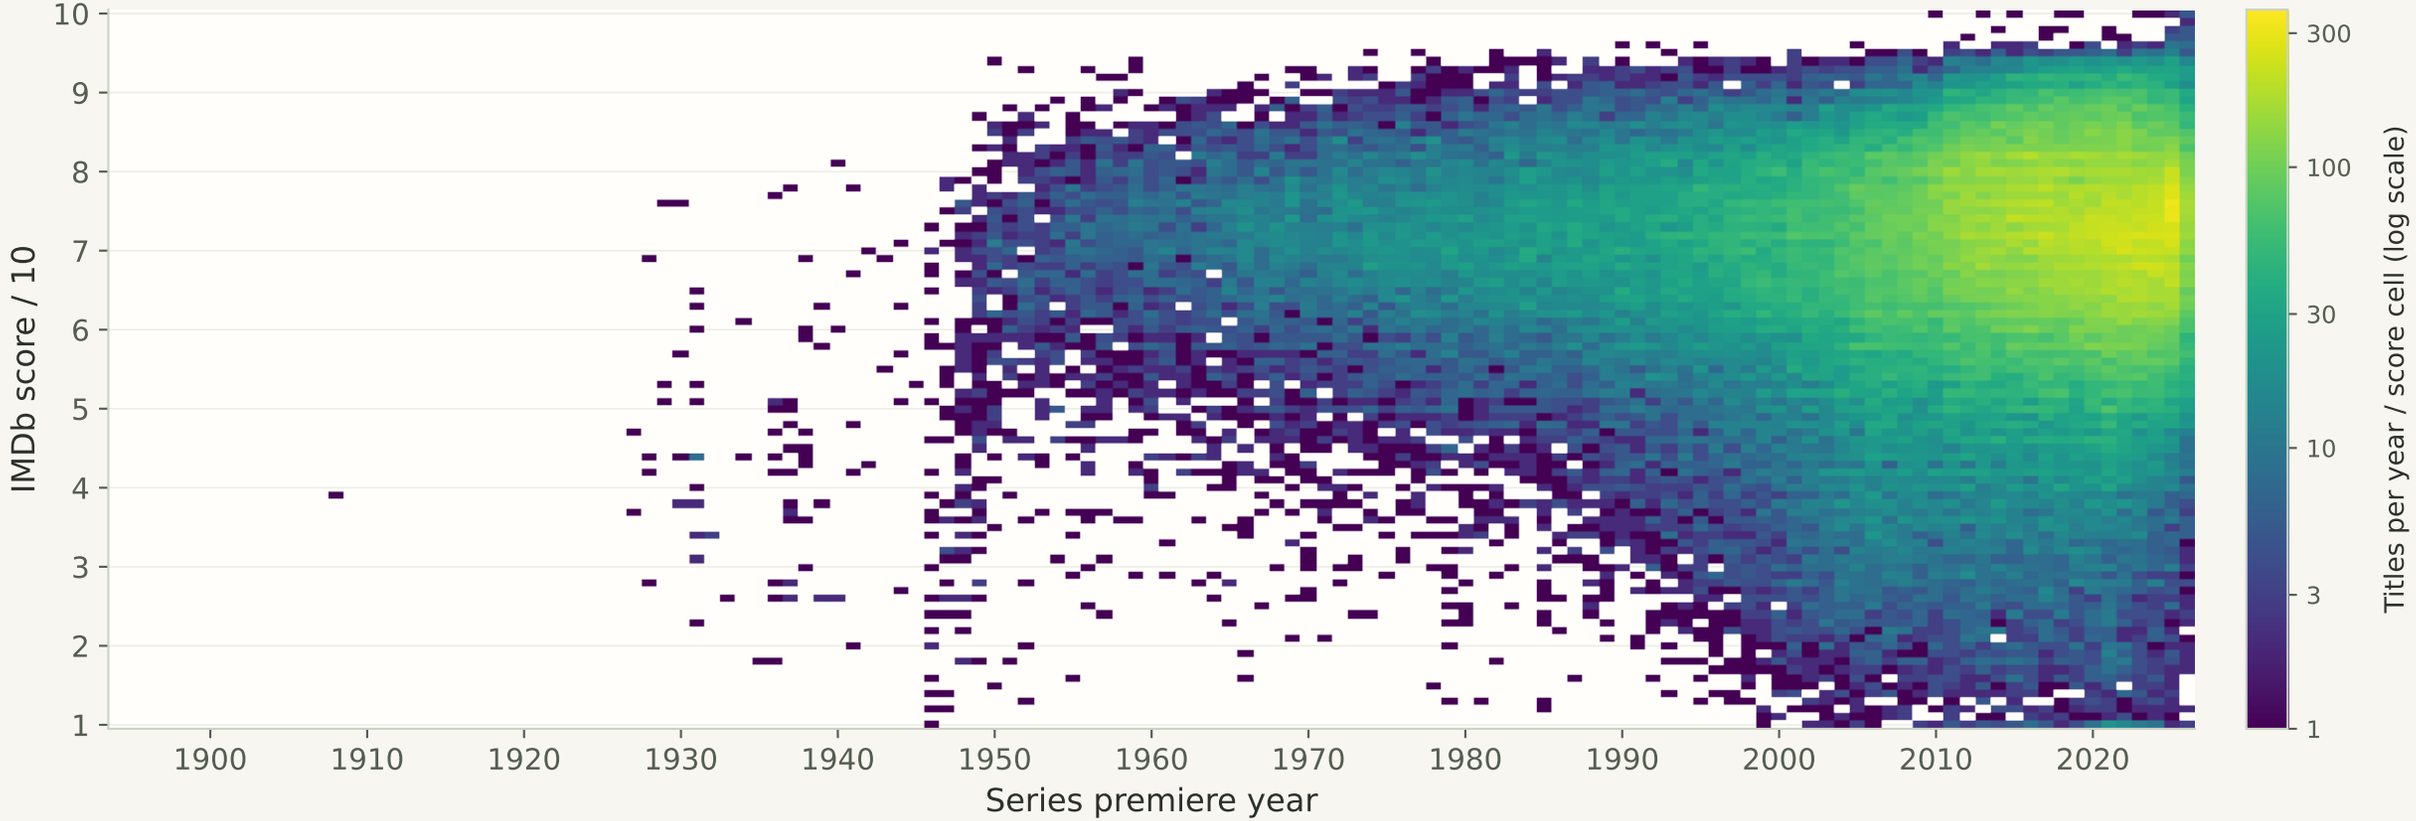
TV series & miniseries: IMDb score vs release year

139,880 titles · All vote counts and ratings · IMDb snapshot: 15 October 2026



Each cell counts titles released in one year with the same score (0.1-point steps). Brighter = more titles.

No vote weighting. Blank = no titles. 33 rated titles have no release year and cannot be plotted.

Non-adult movies / series / miniseries. Unrated titles, episodes, shorts and TV movies are outside this scope.
