Movies: mean & median IMDb score by year

345,326 titles · All vote counts and ratings · IMDb snapshot: 15 October 2026

Average = arithmetic mean. Median = middle rating (average of the middle two for even counts). No smoothing.

No vote weighting. Gaps = no rated titles. 34 titles lack a release year. Sparse years can fluctuate.

Non-adult movies / series / miniseries. Unrated titles, episodes, shorts and TV movies excluded. 2026 is incomplete.
